Reading Questions

Reading Assignment:
- BDS: Chapters 8 & 9, Profiles 8 & 9

Reading Questions:

1. What is “x-func” and why is it important?

2. Why does David Kelly indicate that artists make better designers than engineers (p. 154-155)

3. Define the following terms as they are used in Chapter 9:
   - Reflection in action
   - Reflection on action
   - Reflection on practice
   - Complex system
   - Conversation with materials
   - Tacit

4. What is creative thinking? Note: It is not just the act of making something new or novel, to get credit for this question you have to consider what is the “process” of creative thinking.

5. List at least two activities that could help you be more creative?
